SUBJECT: ENHANCING WIA PERFORMANCE OUTCOMES ON-LINE TUTORIAL

The Department of Labor, Employment and Training Administration, released a new free on-line tutorial, [Enhancing WIA Performance Outcomes](#), to help enhance Workforce Investment Act (WIA) performance outcomes. The on-line tutorial is a Macromedia presentation that uses a Power-Point-like presentation with narration to guide the user through valuable on-line training. This tutorial is designed to help states and local areas achieve and surpass federal performance standards for WIA programs and participants.

The tutorial consists of two separate courses: Enhancing Performance Outcomes for Adults and Dislocated Workers and Enhancing Performance Outcomes for Older and Younger Youth. Each course has two modules: Module 1 – *A Performance Measures Overview*; and Module 2 – *The Life Cycle of a WIA Participant*.

This on-line tutorial may also be accessed from Workforce Tools of the Trade Web site under [Free On-line Training & Resources](#). For questions about this on-line tutorial, please contact Vinz.Koller@spra.com.
